Civil Action No. 08 1959

**MEMORANDUM OPINION**

The plaintiff has filed a *pro se* complaint and an application to proceed *in forma pauperis*. The Court will grant the application to proceed *in forma pauperis*, but will dismiss the complaint as frivolous and delusional.

Plaintiff's complaint states at the outset that "I am here in Washington, D.C. so that I could receive a Terrorism complaint against the City of Washington as well as receive an appt. before the General of the United States because I am U.S. Blood and Brain Research of the United States Military for the purpose of receiving an appt. to complete a litigation against Nazi in regards to my being allowed to be U.S. Law of U.S. Research. I am very important and my Blood research is Blood to the Pentagon." (Compl. at 2.)<sup>1</sup> The remainder of the lengthy complaint discusses plaintiff's ancestors and their relationship with the U.S. military, Pentagon, and CIA. plaintiff's safety, and that she be allowed to re-enter Law school. (*Id.* at 8.) She also seeks a "Letter to the State and Local Court for publication." (*Id.*)

This complaint presents exactly the sort of "fantastic or delusional scenarios" that warrant dismissal. *Neitzke v. Williams*, 490 U.S. 319, 328 (1989). Accordingly, this complaint will be dismissed under 28 U.S.C. § 1915(e)(2)(B)(i) (requiring dismissal of frivolous complaints).

A separate order accompanies this memorandum opinion.
